Erklärungen.

(Siehe auch die Bemerkungen zu nachfolgender Liste sowie die Abkürzungen auf Seite 15—17.)

Vorliegende Bibliographie bezweckt ein sachlich nach Schlagworten geordnetes **Verzeichnis von Aufsätzen aus Zeitschriften nichtdeutscher Zunge** zu bieten (wie dies in gleicher Weise die „Bibliographie der deutschen Zeitschriften-Literatur" für die Zeitschriften deutscher Zunge tut) und ist in gewissem Sinne als eine Ergänzung der entsprechenden Kataloge der Buchliteratur gedacht. Sie kann aber zweifelsohne auch von jedem Benutzer systematischer Spezialkataloge mit Vorteil eingesehen werden, wie eine Nachprüfung ergeben wird. Ihr Hauptvorteil besteht darin, daß sie ein schnelles Auffinden der auf ein beliebiges Spezialthema bezüglichen Aufsätze gestattet und die auf dieses Thema bezügliche Literatur aus Zeitschriften aller Wissensgebiete nachweist. Die synonymen Stichworte sind möglichst je zu einem Stichwort in deutscher Sprache vereinigt, da das Unternehmen zunächst eine Parallele zu obiger Bibliographie bilden soll, weitere Verweise und Anführung möglichst sämtlicher synonymer Ausdrücke müssen aus Platzmangel vorläufig unterbleiben. — Berücksichtigt sind vorläufig nur Originalaufsätze, längere Mitteilungen und bibliographische Zusammenstellungen. Bei weniger wichtigen und allgemeinverständlichen Zeitschriften, speziell Wochenblättern und Beilagen zu Tageszeitungen, wird eine passende Auswahl getroffen, bei manchen Publikationen nur hin und wieder Geeignetes berücksichtigt werden können. Aus Raumersparnis kann ferner der Inhalt allzu spezieller Zeitschriften nur insoweit zum Abdruck gelangen, als er andere Stichworte betrifft, als aus dem Zeitschriftentitel sich ergeben würde. Aus Jahresberichten sollen nur etwa neu hinzugekommene Abteilungen oder etwa sich vorfindende Abhandlungen verzeichnet werden. — Die Rezensionen werden in dem Jahres-Supplementband „Bibliographie der Rezensionen" verzeichnet, desgleichen finden auch Aufsätze, die nichts anderes als Besprechungen eines Buches sind, nur in dieser Bibliographie Aufnahme. — Zum gleichen Bande gehörige, aber erst nach Schluß desselben den Bearbeitern bekannt gewordene Arbeiten können erst im nächsten Bande berücksichtigt werden. — Aus technischen Gründen ist für eine Anzahl Zeitschriften eine besondere Nummer eingeführt, die in der Bibliographie fettgedruckt ist. Diese fettgedruckten Ziffern verweisen also auf die nachstehende alphabetische und nach Nummern geordnete Liste: so zeigt die fette **494** bei „Aberglaube" an, daß betr. Artikel in der Zeitschrift enthalten ist, welche in der Liste die Nr. 494 trägt, es ergibt dies also „Bijdragen voor vaderlandsche Geschiedenis en Oudheidkunde Haag". — Die unter einem Stichworte registrierten, aus derselben Zeitschrift herrührenden Artikel folgen zumeist hintereinander, und zwar ist der Zeitschriftentitel oder die fette Nummer nur beim ersten Titel angegeben, für Titel ohne Zeitschriftenbezeichnung gilt also die vorhergehende Zeitschriftenbezeichnung. Ist Bandzahl oder Jahrgang nicht angegeben, so sind diese Angaben aus der Zeitschriftenliste ersichtlich, fehlen solche auch in der Liste oder sollte die Angabe dort fraglich sein, so handelt es sich stets um den dem betr. Bande der Bibliographie entsprechenden Jahrgang, für vorliegenden Band also: Jahrgang 1912. —. Der in Parenthesen stehende Name ist derjenige des Verfassers des betr. Aufsatzes. — Bei Aufsätzen unter 5 Seiten Umfang ist in der Regel nur die Seite angegeben, auf welcher der betr. Artikel beginnt. — Die Aufsätze, deren Titel in [ ] zumeist in deutscher oder französ. oder engl. Sprache wiedergegeben sind, sind nicht in diesen Sprachen, sondern in den Sprachen der betr. Zeitschriften verfaßt (betrifft zumeist russische, tschechische, ungarische, skandinavische etc. Arbeiten). Das gleiche gilt für die meisten Arbeiten, Heerwesen und Marine betreffend, auch ohne daß die betr. Titel in [ ] stehen. — Das Zeichen ~ steht für Wiederholung des Stichwortes.

Zur näheren Erklärung sei weiterhin auf Vorwort zu Bd. I und II verwiesen.

Siehe auch die Zeitschriftenliste am Schlusse des 1. Bandes.

Aus der Einführung:

Im Laufe der Jahre ist an mich teils in Kritiken, teils in direkten Zuschriften wiederholt die Bitte gerichtet worden, die wichtigsten ausländischen Zeitschriften in unsre deutsche Zeitschriftenbibliographie miteinzubeziehen. Infolge des ständig wachsenden Umfanges der deutschen Literatur hat sich dies für uns als unmöglich herausgestellt. Auch dem s. Z. an mich gestellten Ersuchen, das französische Répertoire des principles revues fortzusetzen, konnte ich bisher aus Mangel an Zeit nicht entsprechen. Da aber außer diesem französischen Index auch der englische Index to periodicals seit einigen Jahren sein Erscheinen eingestellt hat — beides übrigens nur Jahresübersichten einer sehr beschränkten Anzahl von Zeitschriften zumeist allgemeineren Inhalts, deren bibliographischer Wert aber trotzdem hoch einzuschätzen ist, — so sehe ich mich veranlaßt, nunmehr doch in einem Parallelunternehmen zu unserer deutschen Bibliographie den Versuch der Schaffung eines Gesamtindexes der fremdsprachigen Zeitschriften und Sammelwerke zu machen, ein Versuch, der zweifellos trotz aller einem solchen Anfang stets anhaftenden Mängel jedem Sachverständigen die Zweckmäßigkeit und den Nutzen der Arbeit zeigen wird. Kam in erster Linie natürlich die französische, die englische und amerikanische Literatur in Frage, so sind doch auch die italienische, belgische und niederländische Literatur in ziemlichem Umfange schon jetzt berücksichtigt, während die spanische, skandinavische und slavische, besonders die russische Literatur zweifellos in Zukunft noch weitere Ergänzungen finden muß. Die Durchsicht der für den Schluß des I. Bandes geplanten Liste der berücksichtigten Publikationen, die mehrere Tausend Titel umfaßt, wird jedem Sachkenner zeigen, daß wir von Anfang an bemüht gewesen sind, jedenfalls die wichtigsten und wertvollsten Zeitschriften aufzunehmen, noch vorhandene Lücken sollen tunlichst im nächsten Bande schon nachgeholt werden. Der vorliegende Band dürfte voraussichtlich über 25 000 Arbeiten verzeichnen.
